

Hello to all our Electric Eels Members,

We are just a week away from our first club night so it is time to log in to swim central and nominate for your races - please remember to **only nominate for one distance** in each stroke. Nominations close Wednesday 7th at 12 midday - if you have not nominated you **will not** receive a time for your swim.

If all families can download TeamApp as this is a great way for urgent communication across the season – such as if an electrical storm cancels a night at the last minute, we can quickly notify everyone. Request membership of Electric Eels team and our website manager will accept.

**We have purchased new computers and timers and your committee has been at the pool practicing with these to smooth out the process of starts and getting through the races on time.**

*Please take the time to read this important information before club nights:*

I have attached the programmes for the first 2 weeks here. You will notice we have an adjusted programme for these first 2 nights. This is so we can include a short presentation of some of the trophies from last season.

### **COVID:**

We have a COVID safe plan in place. In order to meet the requirements for this we must ask that only **one parent attend per family** and **whenever possible**, non-swimming siblings do not attend. This will change as government guidelines change.

The grandstand will have allocated family spaces and we will ask if some members could bring chairs to sit in other areas apart from the grandstand to allow for social distancing.

**Please remember, please do not attend if:**

**If you or your child has been unwell, cough, fever, sore throat.**

**If you or your child have travelled to an identified hot spot or overseas in the last 14 days.**

**If you have come in contact with someone who is known to have COVID.**

**Please stay at home if unwell.**

We will have arrows for flow of movement and we will ask that the swimmers stay on the marshalling side of the pool as much as possible (obviously we understand the smaller children will need some help from parents and older swimmers).

On arrival, we will have an online or written check in so please complete this. A committee member will be identified as an information person if you need any help.

## Volunteers:

**We will have the canteen and BBQ running as usual for all to enjoy.**

Our volunteer coordinator Sally will be organising our volunteer roster. Each week we need parents to perform duties such as timekeeping, BBQ and marshalling. We will need all members to participate in the volunteer roster as we did last season. If everyone participates you should only have duties approximately 2/3 times across the entire season.

Thanks for your understanding as we get to restart club nights and **don't forget to nominate for club captains by 5pm Sunday!**
